### Adding discs manually - France

*(menu: Data -> Add manually)*

- Slight changes were introduced in the **Add disc manually** window.

### Infringement description

*(menu: Reports -> Infringements and manipulations)*

- The description of the infringement of exceeding the weekly work time was updated.

### Polish tariff

- The Polish tariff was updated.

### New infringement - Germany

*(menu: Reports -> Infringements and manipulations)*

- A new type of the infringement for 10h of work per day.

*(menu: Settings -> Analysis settings -> Analysis)*

- A new option of generating the infringement of 10h daily driving time was added.

### Setting the control range

*(menu: Settings -> Program settings)*

- The new option **Set the control period automatically based on the last reading file** was added in the **Program settings**. It results in setting the controlled period according to the date of the newest downloaded file during the first loading of card readings.

### Speed profiles

*(menu: Preview window of data from the digital tachograph / smart tachograph -> Speed profiles)*

- A new section **Speed profiles** was added in the **Digital tachograph data** window.

### Changing the time zone

*(menu: Control -> Edit current control parameters)*

- The possibility of changing the time zone during the control was introduced. After changing the time zone, you will be prompted to delete the digital files and upload them again.

### Daily chart for multiple drivers

*(menu: Reports -> Daily chart for multiple drivers)*

- A new item **Daily chart for multiple drivers** was added in the **Reports** menu. It allows to display the daily chart for up to eight drivers.
